

Getting Battle Ready!

E phesians 6:10-20

What is a Christian? Are we all hypocrites? Why are the desires of the flesh so strong? Why do we have so much trouble living a Christ-like life? Why, why, why??? We are, as Christians, in a spiritual war zone every day of our lives. When we asked Jesus into our lives, we signed up to be a soldier for Christ. Coming to Church gets us battle ready.

It builds us up in Christ. Put on the WHOLE armor of God that we may be able to stand... E phesians 6:10-20... Are you on the front line or just trying to squeak through?

That is your choice. A choice, I pray, you will take seriously. What will we answer for at the feet of Jesus? All the things done in these bodies that is not pleasing to the Lord.

Have you shared your faith today? Did God supernaturally place someone in need in your path today? Did you use the opportunity to witness for Christ? Did you show them the love of God? Did we, did we, did we??? What's your call? What's your choice?

What's your decision? What's your answer? WE LL DONE MY GOOD AND FAIT HFUL SE RVANT ... I want to hear these words echo from the very mouth of Jesus. Don't you? When we get ourselves at the foot of the cross and look up and see what the S avior has done for us, we will follow Him and His Word. Join me this day, look not towards the cross, but up at the cross, and see our Lord and S avior hanging between heaven and earth for our lost souls. What a beautiful site to see. What a sad site to see.

But, a necessary act by the grace of God to redeem all that will accept His S on, repent and turn from their wicked ways and live a life for Christ... Put on Christ today, take a stand for what you believe, run the race that is set before you with endurance, and let's all finish strong.

God Bless

Gary
